Kristin,

I went back through the information I have relating to the request you sent me in late January several times over the last week. I don't really have more information that answers the questions any better.

I am happy to answer any follow up questions and provide any details on the information as needed.

Thanks,

I have received the information and was able to download and open the documents you placed in Dropbox.

Thank you,
Kris

Subject: TransMessis Columbia Plateau - Request for Information - Odessa Biodiesel Site

Kristin,

Here is the information I have been able to put together so far. I have summarized in the attached document and have put all of the files in this drop box folder so you can access and download them. They are too big to email.

I do not have a computer with a CD drive but if needed.

I am looking through some additional places to see if I can find any of the information that is not provided.

Here is the link to the drop box folder with the information.

(b) (6)

If you have any questions let me know,

Thanks,

Damon Pistulka
